English Language Faculty Fellowship Openings 2014-2015

The VCU Undergraduate Bridge (VCU UB) is a new, premium program offered by the Global Education Office that provides language learning, academic support and cultural enrichment experiences woven into the first-year experience for English language learners.

VCU UB is seeking applications from ELP faculty to serve as English Language Faculty Fellows for our program’s pilot year. The primary responsibilities of the English Language Faculty Fellows will be to support the content area language development and learning skills of VCU UB students in their assigned course. Applicants should have interest and experience in the content area, English language instruction, and intercultural communication.

To apply, email Wendy Nugent whnugent@vcu.edu by APRIL 15.

In your message, please identify the fellowship you are applying for and why you are interested. Finalists will be invited to interview before the end of April.

FALL 2014

1. English Language Faculty Fellow for MATH 141 (stretch): Applied Algebra

<table>
