Krista Scott, Ed.D.

Associate Vice President, Strategic Enrollment
Management and Student Success Special Programs

Don't Be Your Own No: Expanding Your World, Changing Your Life

Dr. Krista Scott is passionate about helping college students achieve success as they progress towards their degree. Dr. Scott oversees an extensive portfolio of student-facing programs including federal TRIO and grant-funded programs, first-generation student services, and pre-college and bridge programs. She is a staunch advocate for holistic and comprehensive student support and has received recognition for her leadership and impact. She is particularly passionate about creating structural, strategic support for historically excluded and minoritized populations. On a personal note, despite not taking advantage of global education as an undergraduate student, she is proud to have spent two years leading an incredible group of scholars in a Healthcare Shadowing study abroad program in Costa Rica.

Participants will:

- Hear inspiring stories
- Gain practical insights
- Engage in dialogue across disciplines
